SKILLS OVERVIEW

I have extensive experience with tools of the trades and the proper application of building materials.

I pay great attention to detail and take a high level of pride in the quality of the work produced.

I am a very fast learner. Show me something once, and I can repeat the procedure with great accuracy while refining my technique with every opportunity given.

I maintain a positive and professional attitude and possess excellent communication skills and etiquette in the interaction between employer, co-worker, and client.

I work just as well on my own as I do a part of the team.

I am honest, trustworthy and dependable.
